

## COMPETITION & EUROPEAN UNION

**SRS Advogados is a full-service, multi-practice law firm advising clients on all aspects of domestic, as well as international law.**

Our lawyers are focused on their clients' business and have gained knowledge and experience advising large national and international corporate groups, financial institutions, as well as local and national authorities.

We are organised by specialist practice areas and sector groups. This dynamic structure allows the firm to combine a diverse range of legal experts within a group, all of whom have relevant sector knowledge and experience. Sector groups have an extensive understanding of areas in which our clients operate and assist clients in fulfilling their objectives. We know our clients' business and regard ourselves as an active and dynamic part of it.

**The Competition & European Union team at SRS Advogados has extensive experience in providing legal assistance on all areas of national and EU Competition law. The inherent technical complexities are always communicated in a pragmatic and businesslike manner.**

With one of the largest teams in the country, the department is able to assist in matters of varying dimensions, including the most complex and demanding cases. All our lawyers are specialized and have had experience in International Competition Law Centers.

The team also stands out for its focus on commitment and accuracy, as well as for the manner in which it is constantly innovating its service delivery and the sharing of know-how with its clients, in particular through newsletters, competition alerts, the publication of reference works and training sessions.

**Through the creation of SRS Global (Angola, Brazil, Macau, Malta, Mozambique, Portugal and Singapore), as well the creation of a strong network of international relationships with third parties, we aim to extend our experience, expertise and services globally so as to ensure that we can respond efficiently to complex issues with global implications.**
