

SRS Advogados is a full-service, multi-practice law firm advising clients on all aspects of domestic, as well as international law.

Our lawyers are focused on their clients' business and have gained knowledge and experience advising large national and international corporate groups, financial institutions, as well as local and national authorities.

We are organised by specialist practice areas and sector groups. This dynamic structure allows the firm to combine a diverse range of legal experts within a group, all of whom have relevant sector knowledge and experience. Sector groups have an extensive understanding of areas in which our clients operate and assist clients in fulfilling their objectives. We know our clients' business and regard ourselves as an active and dynamic part of it.

The Dispute Resolution team at SRS Advogados comprises lawyers who are specialised in civil and commercial litigation, as well as arbitration, insolvencies and corporate restructuring.

The lawyers in the team have extensive experience in all areas of judicial dispute resolution (civil and commercial) and arbitration, and provide legal assistance to both national and international clients in a large variety of sectors, including auto, aviation, commerce and services, consumer, financial markets, patents, pharmaceutical, and telecommunications.

Our approach to dispute resolution includes preventive legal advice, litigation risk assessment and negotiation.

We also aim to create the best network of partnerships, geographically extending the essence of our values and service.

Our associations allow us to have a presence in different markets, focusing specifically on the world's main financial markets and the Lusophone world.

Through the creation of SRS Global (Angola, Brazil, Macau, Malta, Mozambique, Portugal and Singapore), as well the creation of a strong network of international relationships with third parties, we aim to extend our experience, expertise and services globally so as to ensure that we can respond efficiently to complex issues with global implications.
