

PUBLIC PROCUREMENT

SRS Advogados is a full-service, multi-practice law firm advising clients on all aspects of domestic, as well as international law.

Our lawyers are focused on their clients' business and have gained knowledge and experience advising large national and international corporate groups, financial institutions, as well as local and national authorities.

We are organised by specialist practice areas and sector groups. This dynamic structure allows the firm to combine a diverse range of legal experts within a group, all of whom have relevant sector knowledge and experience. Sector groups have an extensive understanding of areas in which our clients operate and assist clients in fulfilling their objectives. We know our clients' business and regard ourselves as an active and dynamic part of it.

The Public Procurement team at SRS Advogados comprises a team of specialist lawyers that assist and advise throughout the life cycle of any given project covering the setting up, financing, negotiation and implementation of projects.

The team has extensive in depth experience in the road, rail, port, health and energy sectors.

Our experience results from assisting numerous Portuguese and international clients on a wide variety of projects, including public-private partnerships, and assisting both private partners and public contractors, as well as financing bodies.
