

SRS Advogados is a full-service, multi-practice law firm advising clients on all aspects of domestic, as well as international law.

Our lawyers are focused on their clients' business and have gained knowledge and experience advising large national and international corporate groups, financial institutions, as well as local and national authorities.

We are organised by specialist practice areas and sector groups. This dynamic structure allows the firm to combine a diverse range of legal experts within a group, all of whom have relevant sector knowledge and experience. Sector groups have an extensive understanding of areas in which our clients operate and assist clients in fulfilling their objectives. We know our clients' business and regard ourselves as an active and dynamic part of it.

SRS Advogados' tax team has extensive experience in providing legal advice on Portuguese and international tax law matters.

The team consists of lawyers with expertise in Portuguese taxation and international tax law and is organised into the areas of consultancy and litigation. We provide support on daily corporate tax matters, as well as transactional tax advice on all aspects of Portuguese taxation, including corporate income tax (IRC), excise duties, individual income tax (IRS), international tax law, property taxes, stamp tax and VAT.

Through the creation of SRS Global (Angola, Brazil, Macau, Malta, Mozambique, Portugal and Singapore), as well the creation of a strong network of international relationships with third parties, we aim to extend our experience, expertise and services globally so as to ensure that we can respond efficiently to complex issues with global implications.

TAX

AREAS OF FOCUS

We have expertise in the following areas:

- > Advice and assistance to corporates on international double taxation issues
- > Analysis of the tax framework within the context of finance transactions, and tax optimisation of financing at a national and international level
- > Assistance and information to corporates on amendments to tax laws
- > Assistance to companies in the context of compliance with their tax obligations
- > Assistance to clients within the context of tax inspections
- > Corporate restructuring at a national and international level, including support for mergers and acquisitions
- > Organization of internal training sessions for clients on tax matters
- > Representation of clients within the context of tax procedures and tax litigation
- > Structuring of investments at a national and international level
- > Tax support on corporate finance, project finance and capital markets transactions
- > Taxation of remuneration and other payments made to employees and service providers
